5. Principals

The Investigator/Officers involved in managing concerns shall follow the principles listed below:

- Confidentiality and Anonymity
- Non-Discrimination
- Independence
- Professionalism
- Competence
- Objectivity
- Protection and non-retaliation
- Timeliness

The Company allows to the Reporter to raise their Grievance anonymously. Anonymous reporting provides a mechanism to make a disclosure for individuals who fear negative consequences or assume that insufficient care will be taken to protect their identity.

6. Requirements

6.1. Receiving the Grievance

All Grievances received through the Company's reporting channel will be registered into the database system for identifying the concern and perform Triage/preliminary activity.

6.2. Triage

The appointed Corporate Risk & Integrity (“CRI”) Officer after receiving a report, will conduct a Triage. The purpose of Triage is to determine whether the report has merit and warrants a more in-depth Investigation due to any potential breach of the BCOC or potentially impacted by its operations to resolve issues non-judicial manner.

During this phase, Officer gathers information and evidence from the Reporter, such as any relevant evidence related to the concern. Investigator/Officer shall employ judgement, wisdom, and experience in determining the appropriate course of timely action and **shall not**:

- Attempt to conduct interviews, other than to obtain information from the concerned individual/Reporter;
- Contact the subject of the concern or other witnesses.

When the Reporter wishes to remain anonymous, this can be done by writing down the anonymous identity on the form.

Where the result of Triage, there is no valid information provided or no response/feedback by the Reporter within 25 (twenty-five) business days, the Grievance will be closed.

Details of Triage procedures refer to the document related to the **Triage standard**.

6.3. Classifying

Based on the Triage result and evidence gathered by the CRI/Officer, the report can be defined whether:

- There is potential misconduct or violation of the BCOC occurred and has a ground for further Investigation (as in Appendix 1) that should be performed by CRI Investigator.
- There is no indication of a violation of the BCOC. However, a remedy should be established by the relevant Function / Unit to the Reporter or affected party to solve the concern; or
- The Grievance does not have any ground for further Investigation or remedy.

Below is the table that may reflect the Function / Unit which will handle the specific issues:

Table 1 Specific Issues

Category	Specific Issues	Function / Unit					
		FS - HSE	SCE	HR	PC	SC	LG

Governance	Employee/Human Resources			√			
	Commercial Issue				√		
	Ethics/BCOC/SCOC			√			
	Security Issue					√	
	Legal Issue						√

6.4. Assignment

If the Grievance is not related to the violation of the BCOC or any criminal offense, however it may have an impact on Company's or Stakeholders interest then this Grievance will be assigned to the related Function / Unit for further review and dialogues with the Reporter to find a resolution.

6.5. Management Action

To ensure the Grievance is settled in the most effective and efficient manner, each Function / Unit as the referral party should develop separate guidelines or standard procedures on the implementation by referring to the general guideline provided by this Policy.

6.5.1. Timeline of the Management Action

Within 7 (seven) business days after assignation, the assigned Function / Unit must give feedback to Grievance Sub-Committee whether this Grievance has been addressed with the solution or need extended time to establish and perform further processes (e.g., direct remedy, meeting, negotiation, external recourse, etc.). The extended period must be proposed in a written manner submitted by the respective Function / Unit Head to the Grievance Sub-Committee. During the extended period, the assigned Function / Unit must update periodically to Grievance Sub-Committee at the minimum once a month or monthly basis.

6.5.2. Management Action Handling

The relevant Function / Unit as the recipient must monitor and evaluate the on-going process while communicating with the Reporter to ensure the issue is addressed or handled correctly.

6.5.3. Principal of Management Action

1. **Legitimate and trusted:** should be perceived as legitimate by the Stakeholder who may need to access it and should be jointly designed and overseen by the Company.
2. **Accessible:** should be readily accessible by, all parties who may need to access it.
3. **Transparent:** should operate on a presumption of transparency of process (e.g. decisions on Grievance acceptance) and outcomes,

while allowing for dialogue to remain confidential and, where requested, for the confidentiality of the identity of the Reporter.

4. **Based on engagement and dialogue:** should focus on engagement and dialogue between the parties, with the aim of identifying sustainable, rights compatible solutions that are considered appropriate.
5. **Predictable in terms of process:** should provide predictability in terms of the key steps and options within the process, should be timebound where appropriate, and provide for agreed outcomes to be monitored.
6. **Fair and empowering:** should seek to redress imbalances in power, knowledge, and influence between the company and the Reporter to enable informed dialogue, shared responsibility for outcomes, and a process based on respect.

6.6. Records

Related Function / Unit will maintain all documentation about the Grievance and be responsible for any updates, and for following up with the Reporter as appropriate. However, related division's response to the Reporter may be limited by confidentiality concerns or legal obligations. Thus, all the actions that the Company has taken to address the concern may not be readily apparent to the Reporter. Rest assured that the Company will follow up all Grievances submitted to Company.

Once a resolution from Management Action has been agreed upon or a decision made, the final stage is to implement the decision, monitor outcomes, and close out the Grievance. Follow-ups also may be needed to address problems that develop during the implementation of the response. Adjustments may be necessary to ensure that the root causes of Grievances are addressed, and outcomes are consistent with the spirit of the original agreement with the Reporter. Experience from the follow-ups can also be used to further refine the Grievance handling process or to inform future responses to similar Grievances.

The grievance data handled by related Function / Unit should be submitted to Grievance Sub-Committee for documentation purpose.

Several topics in the grievance deal with information that is sensitive and confidential in nature, and therefore the relevant verification reports will only be made available to the reporter in 14 (fourteen) working days after the Grievance closed. Grievance verification reports on issues related to environment topics are uploaded to www.sustainability-dashboard.com.
